No. 88-F.B.

Howrah, the 13th day of May, 2022

Memorandum

Whereas, the Directorate of Land Records and Surveys, Directorate of Registration & Stamp Revenue and Excise Directorate have been delivering e-Services to the Citizen using the common infrastructure procured by Finance Department in the year 2014 and which have been installed at West Bengal State Data Centre (WB-SDC);

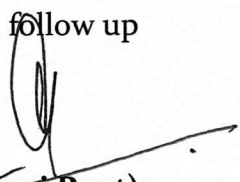

And whereas, it has been informed by IT&E Department, GoWB, that the said common infrastructure, which has been operational since 2014, is presumably facing vulnerability and making WB-SDC non-compliant. Hence, it has been suggested by them for migration of the Co-Located Application Infrastructure from the existing Physical Environment to a secure Cloud Enabled Environment available with the WB-SDC.

Now, therefore, a Committee consisting of the following members is being hereby formed for the above mentioned purpose:
