#### Introduction

The State Government focuses on crucial fiscal indicators, aiming to eliminate/reduce revenue deficit & fiscal deficit to ensure overall fiscal health of the state economy and prudent debt management. More transparency in fiscal operations of the State Government and presence of medium-term framework for fiscal policy is incidental to this. The West Bengal Fiscal Responsibility and Budget Management (FRBM) Act, 2010 was enacted in July 2010, and further amended in April 2011 and again in January, 2021 and November, 2022. According to the last amendment, targets which were fixed are still continuing for the coming years.

The Fifteenth Central Finance Commission has also provided a set of recommendations to meet the fiscal targets of Union and State Governments. One of the recommendations is that the State Governments may amend their FRBM Acts to provide for the statutory flexible limits on fiscal deficit. Again, the concerned FRBM Act may also be suitably amended to provide a statutory ceiling on the sanction of new capital initiatives to an appropriate multiple of the annual budget provision.

Some flexibility in the fiscal discipline front of the State enunciated certain provisions by the 15th Finance Commission:-

The normal limit for net borrowing may be fixed at 4 per cent of GSDP in 2021-22, 3.5 per cent in 2022-23 and be maintained at 3 per cent of GSDP from 2023-24 to 2025-26. The term 'normal' is used to clarify that we have not accounted for any additional borrowing to be done by the State Governments to manage the shortfall in GST compensation, or the incentive-based additional borrowing space that we have recommended for power sector reform.

As per the FRBM Act, milestones have been set on a yearly basis to evaluate progress of achievement on fiscal discipline front. This yearly Statement reflecting upon the fiscal policy and fiscal strategy of the state is prepared as per the Act.

In the portions of the text that follows, discussions on overview in terms of growth of national and state economy have been placed in respect of GDP/GSDP and GVA/ GSVA calculated on base year 2011-12, and fiscal indicators have been arrived at accordingly.

The Medium Term Fiscal Policy Statement and Fiscal Policy Strategy Statement for 2024-25 is presented along with the Annual Budget in the Assembly to reflect upon the intent of the government and initiatives adopted on its behalf to fulfill the objectives mentioned in the FRBM Act.

#### **Overview of National Economy**

The National Statistical Office (NSO), Ministry of Statistics and Programme Implementation, Govt. of India released a Press Note on 5<sup>th</sup> January 2024 where absolute GDP and GVA figures for All India and sectoral percentage shares etc., both at constant and current prices at base 2011-12, have been published with regard to 1<sup>st</sup> Advanced Estimates for 2023-24, as well as for previous few years. Hereunder, GDP growth figures of All India for the 1<sup>st</sup> Advanced Estimates, Provisional Estimate and Revised Estimate are shown in the tabulation presented below.

Annual Growth of Gross Domestic Product (GDP) of All India at Base, 2011-12

Year	GDP Growth (Per cent)		
Tear	Current Price	Constant Price	
2021-22(RE)	18.36	9.05	
2022-23(PE)	16.06	7.24	
2023-24 (1st AE)	8.87	7.32	

Source: Press note on 5 Jan, 2024, NSO, Govt. of India, AE: Advance Estimate, PE: Provisional Estimate, RE: Revised Estimate

Since, sectoral classification of GDP with regard to national figures is not given, no such sectoral classification with regard to the three major sectors - Agriculture and allied, Industry and Services sectors could be provided. However, national GVA figures on sectoral share of total GVA, are as provided herewith.

Percentage Share of Gross Value Added (GVA) of India at basic price by Economic activity at current price at base, 2011-12

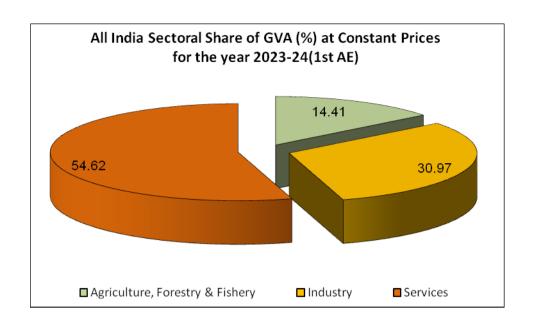

Sector	Share in % at Current (2011-12) Prices		
Sector	2021-22 (RE)	2022-23 (PE)	2023-24 (1st AE)
Agriculture, Forestry & Fishery	18.97	18.42	18.00
Industry	28.54	28.25	27.87
Services	52.49	53.33	54.13
GVA at basic price	100.00	100.00	100.00

Source: Press note on 5 Jan, 2024, NSO, Govt. of India, AE: Advance Estimate, PE: Provisional Estimate, RE: Revised Estimate

# Percentage Share of Gross Value Added (GVA) of India at basic price by Economic activity at constant price at Base, 2011-12

Sector	Share in % at Constant (2011-12) Prices		
Sector	2021-22 (RE)	2022-23 (PE)	2023-24 (1st AE)
Agriculture, Forestry & Fishery	15.58	15.13	14.41
Industry	31.44	30.67	30.97
Services	52.98	54.20	54.62
GVA at basic price	100.00	100.00	100.00

Source: Press note on 5 Jan, 2024, NSO, Govt. of India, AE: Advance Estimate, PE: Provisional Estimate, RE: Revised Estimate

#### Growth Rate of Index of Industrial Production (IIP) of India at Base 2011-12

Year → Sector ↓	2021-22	2022-23	2023-24 (April - Nov.)
Manufacturing	11.8	4.7	5.8
General	11.4	5.2	6.4

#### **Overview of State Economy**

The State GDP have been deduced by the Bureau of Applied Economics & Statistics, Department of Planning & Statistics, Government of West Bengal in terms of absolute figures, annual growth rates, percentage of sectoral shares for the 1st Advanced Estimates, Provisional Estimate and Revised Estimate at constant and current prices with base, 2011-12. Here GSDP growth rates, their percentage shares across three major economic sectors have been analysed at constant and current prices with base year 2011-12 and such have been literally represented below.

Annual Growth of Gross State Domestic Product (GSDP) of West Bengal at Base, 2011-12

Year	GSDP Growth (Per cent)		
Tear	Current Price	Constant Price	
2021-22 (RE)	16.42	11.85	
2022-23 (PE)	15.24	6.65	
2023-24 (1st AE)	11.04	7.65	

Source: BAE&S, P & S Dept., Government of West Bengal, AE: Advance Estimate, PE: Provisional Estimate, RE: Revised Estimate

Sectoral shares in percentages of GSVA at constant and current prices at base 2011-12, have been provided here for the 1<sup>st</sup> Advanced Estimates, Provisional Estimate and Revised Estimate to highlight the thrust in sectoral contribution towards the State's overall GSVA over the years.

Percentage Share of Gross State Value Added (GSVA) of West Bengal at basic price by Economic activity at current price at base, 2011-12

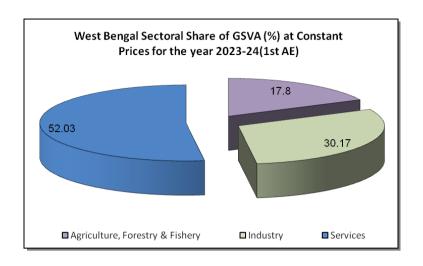

Sector	Share in % at Current (2011-12) Prices		
Sector	2021-22 (RE)	2022-23 (PE)	2023-24 (1st AE)
Agriculture, Forestry & Fishery	21.97	20.42	19.41
Industry	24.00	24.46	23.07
Services	54.03	55.12	57.52
GVA at basic price	100.00	100.00	100.00

Source: BAE&S, P & S Dept., Government of West Bengal, AE: Advance Estimate, PE: Provisional Estimate, RE: Revised Estimate

# Percentage Share of Gross State Value Added (GSVA) of West Bengal at basic price by Economic activity at constant price at base, 2011-12

Sector	Share in % at Constant (2011-12) Prices		
Sector	2021-22 (RE)	2022-23 (PE)	2023-24 (1st AE)
Agriculture, Forestry & Fishery	19.51	18.80	17.80
Industry	30.80	30.42	30.17
Services	49.69	50.78	52.03
GVA at basic price	100.00	100.00	100.00

Source: BAE&S, P & S Dept., Government of West Bengal, AE: Advance Estimate, PE: Provisional Estimate, RE: Revised Estimate

Services sector has consistently dominated the sectoral share of GSVA in constant / current prices over the last few years, followed by shares of Industry and Agriculture and allied sectors.

Growth Rate of Index of Industrial Production (IIP) of West Bengal at Base 2011-12

Year → Sector ↓	2021-22	2022-23	2023-24 (April - Nov.)
Manufacturing	17.8	6.9	7.2
General	13.0	4.7	5.8

#### **Overview of National Finance**

As per Union Government budget publication the tables, graphs and paragraphs shown below present different types of receipts of the Government of India during last thirteen years. The key parameters on Expenditure of National Finances are shown in the Government's expenditure on different sectors and their share of percentage in terms of Capital Expenditure, Social Services Sector Expenditure, Expenditure on Agriculture and Agri-allied including Rural Development and Expenditure on Physical Infrastructure along with their trend.

Pattern of Total Receipts of the Government of India

(₹ in Crore)

Financial Year	Tax Revenue	Non-Tax Revenue	Total Revenue Receipts	Capital Receipts	Total Receipts
2010-11	569869	218602	788471	408857	1197328
2011-12	629765	121672	751437	552928	1304365
2012-13	741877	137355	879232	531140	1410372
2013-14	815854	198870	1014724	544723	1559447
2014-15	903615	197857	1101472	562201	1663673
2015-16	943765	251260	1195025	595748	1790783
2016-17	1101372	272831	1374203	600991	1975194
2017-18	1242488	192745	1435233	706740	2141973
2018-19	1317211	235705	1552916	762197	2315113
2019-20	1356902	327157	1684059	1002271	2686330
2020-21	1426287	207633	1633920	1875916	3509836
2021-22	1804793	365112	2169905	1623896	3793801
2022-23	2097786	285421	2383206	1809951	4193157

#### National position in Capital Expenditure:

From the table below it can be seen that over time share of capital expenditure in total expenditure has increased. During 2012-13 and 2014-15, the share of capital expenditure in total expenditure has fallen about two percentage points.

Share of Capital Expenditure in Total Expenditure

Financial Year	Capital Expenditure	Total Expenditure	Capital Expenditure	
rmanciai fear	(₹ in Crore)	(₹ in Crore)	as % of Total Expenditure	
2010-11	156605	1197328	13.08	
2011-12	158580	1304365	12.16	
2012-13	166858	1410372	11.83	
2013-14	187675	1559447	12.03	
2014-15	196681	1663673	11.82	
2015-16	253022	1790783	14.13	
2016-17	284610	1975194	14.41	
2017-18	263140	2141973	12.28	
2018-19	307714	2315113	13.29	
2019-20	335726	2686330	12.50	
2020-21	426317	3509836	12.15	
2021-22	592874	3793801	15.63	
2022-23	740025	4193157	17.65	

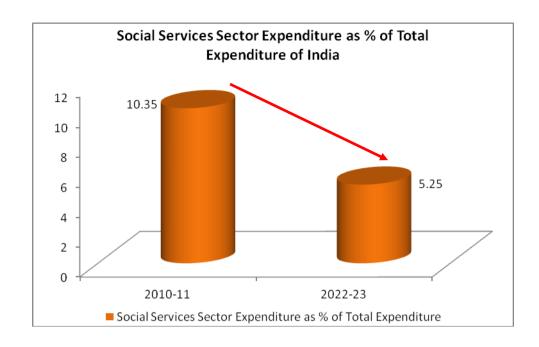

Source: Budget Publications of Ministry of Finance, Government of India

**Expenditure on Social Services Sector** (includes Education, Sports, Art & Culture, Health & Family Welfare, Water Supply, Sanitation, Housing, Information & Broadcasting, Labour & Labour Welfare, Welfare of SC, ST and OBC, Social Welfare, Nutrition and others):

Government's expenditure on social services sector plays a pivotal role in shaping the development storyline of an economy. The share of social services sector expenditure in total expenditure has significantly fallen over time, as shown in the table below. Between 2010-11 and 2022-23 the share had fallen from 10.35 to merely 5.25 per cent.

Share of Social Services Sector Expenditure in Total Expenditure

Financial Year	Social Services Sector Expenditure (₹ in Crore)	Total Expenditure (₹ in Crore)	Social Services Sector Expenditure as % of Total Expenditure
2010-11	123957	1197328	10.35
2011-12	113818	1304365	8.73
2012-13	119245	1410372	8.45
2013-14	134858	1559447	8.65
2014-15	61147	1663673	3.68
2015-16	90321	1790783	5.04
2016-17	98254	1975194	4.97
2017-18	106335	2141973	4.96
2018-19	112826	2315113	4.87
2019-20	141089	2686330	5.25
2020-21	173468	3509836	4.94
2021-22	264142	3793801	6.96
2022-23	220159	4193157	5.25

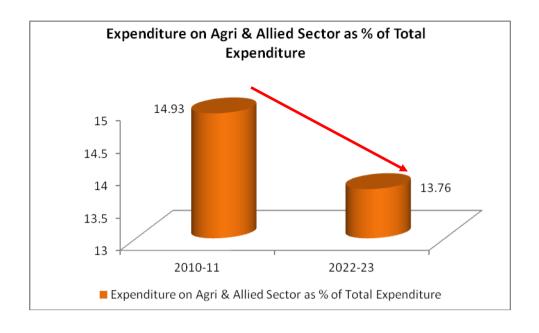

**Expenditure on Agriculture and Agri-allied including Rural Development** (includes Agri & allied activities, Rural Development, Special Areas Program and Irrigation and Flood Control):

Government's intention towards development of agriculture and allied sector as well as towards the development of rural economy can be understood from the government expenditure on Agriculture and allied sector including related activities. Enough importance has not been given towards the development of rural economy as the share of Agriculture and allied sector including rural development in total expenditure has fallen over time, except the financial years 2020-21 and 2021-22 as can be seen from the Table below.

Share of Expenditure on Agriculture and Allied Sector Including Rural Development in Total Expenditure

Financial Year	Expenditure on Agri & Allied Sector (₹ in Crore)	Total Expenditure (₹ in Crore)	Expenditure on Agri & Allied Sector as % of Total Expenditure
2010-11	178796	1197328	14.93
2011-12	184387	1304365	14.14
2012-13	196692	1410372	13.95
2013-14	203438	1559447	13.05
2014-15	177637	1663673	10.68
2015-16	210679	1790783	11.76
2016-17	221540	1975194	11.22
2017-18	232427	2141973	10.85
2018-19	250518	2315113	10.82
2019-20	321534	2686330	11.97
2020-21	823360	3509836	23.46
2021-22	599082	3793801	15.79
2022-23	577049	4193157	13.76

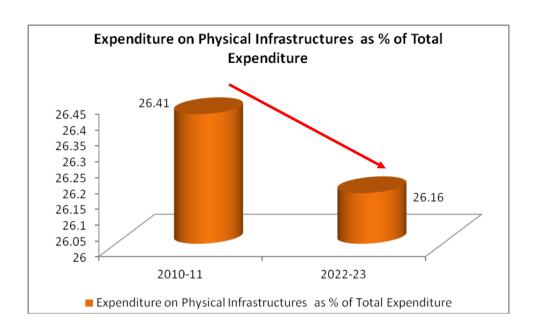

**Expenditure on Physical Infrastructure** (includes Energy, Industry and Minerals, Transport, Science Technology & Environment, General Economic Service):

Government's expenditure on physical infrastructure indicates towards the government's objective towards the long run growth in an economy. From the table below it can be seen that the share of government's expenditure on physical expenditure out of total expenditure has remained almost stable over the year. Between 2010-11 and 2022-23 the share had marginally fallen from 26.41 to merely 26.16 per cent. This certainly indicates that enough importance has not been given towards development of physical infrastructure.

Share of Expenditure on Physical Infrastructure in Total Expenditure

Financial Year	Expenditure on Physical Infrastructure (₹ in Crore)	Total Expenditure (₹ in Crore)	Expenditure on Physical Infrastructures as % of Total Expenditure
2010-11	316218	1197328	26.41
2011-12	347243	1304365	26.62
2012-13	382455	1410372	27.12
2013-14	411330	1559447	26.38
2014-15	419187	1663673	25.20
2015-16	503583	1790783	28.12
2016-17	499004	1975194	25.26
2017-18	580262	2141973	27.09
2018-19	653371	2315113	28.22
2019-20	618882	2686330	23.04
2020-21	569182	3509836	16.22
2021-22	612402	3793801	16.14
2022-23	1097039	4193157	26.16

#### Overview of the State Finance

Everywhere in the world, an economy thrives on making itself fiscally self-sufficient. Increase of state's Own Tax Revenue is one definite way to help boost up crucial fiscal indicators in favour of a resolute and resilient and most of all, a self-sufficient economy.

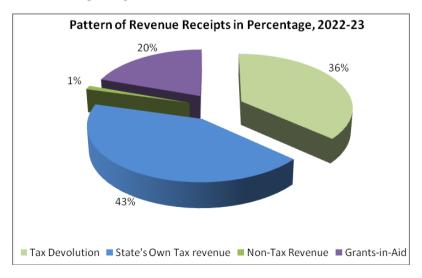

In the last thirteen years, in spite of an historical debt stress condition, significant achievements could be managed through concerted and sustained efforts the State Government. Resource mobilisation and comprehensive reforms in tax administration and collection resulted in consistently decreasing debt to GSDP ratio recorded over last thirteen years. Increase in Own Tax Revenue collection of the State played a crucial part in this process of recovery.

Own Tax Revenue has clearly dominated the shares of State Total Revenue Receipts in 2022-23. State's Own Tax Revenue collection grew up to ₹83608.56 crore in 2022-23 from ₹21128.74 crore in 2010-11, thereby State's Own Tax Revenue has increased by about four times over the thirteen year span.

#### **Pattern of Revenue Receipts**

(₹ in Crore)

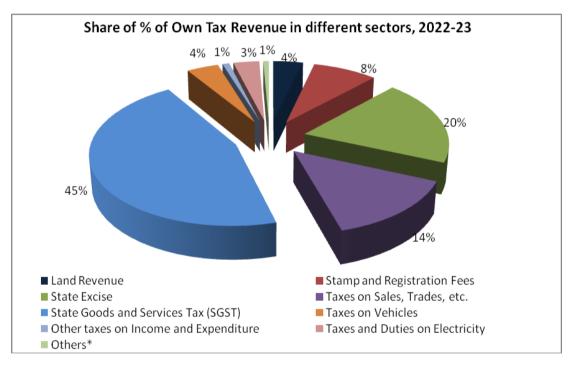

Financial Year	Tax Devolution	State's own	Non-Tax	Grants-in-	Total
		Tax Revenue	Revenue	Aid	
2010-11	15954.95	21128.74	2380.50	7800.01	47264.20

Taxes and Duties on Electricity	2333.55	2675.41	2421.42	2213.51	2384.25	2774.08
Others*	2102.20	924.00	603.58	784.26	513.38	587.80
Total	52720.57	60732.28	60669.37	60287.24	71081.85	83608.56

Others include Taxes on Agricultural Income, Taxes on Immovable Property other than Agricultural Land, Taxes on Goods and Passengers, Taxes and Duties on Commodities and Services etc. All figures are taken from AG, West Bengal

State's Own Tax Revenue receipts have consistently increased over the last few years. State Goods and Services Tax (SGST) has clearly dominated the State's Own Tax Revenue receipts in 2022-23. State's Own Tax Revenue has increased by about four times over the thirteen year span.

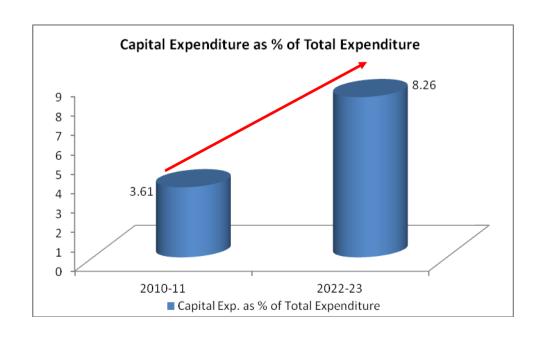

The key parameters on Expenditure of State Finances are shown in the following graphs, tables and paragraphs.

#### State position in Capital Expenditure:

Capital Expenditure of the State has been increasing steadily in course of the last few years' time, and its share in the State's Total Expenditure has also been increasing exponentially. Capital Expenditure as % of Total Expenditure grew from 3.61% in 2010-11 to 12.18% in 2018-19 and 8.26% in 2022-23 respectively.

Capital Expenditure as a % of Total Expenditure

Vacu	₹in	Crore	Capital Exp. as % of Total
Year	Total Expenditure	Capital Expenditure	Expenditure
2010-11	72962.11	2633.48	3.61
2011-12	83830.88	3211.72	3.83
2012-13	95357.49	5611.33	5.88

#### **B. BASICS UNDERLYING THE FISCAL INDICATORS**

- (1) **Revenue Receipts**: Revenue Receipts comprise State's own tax, central tax devolution, non tax revenue of the State Government and grants received from Government of India.
  - a) State's own tax: State's own tax revenue collection grew from ₹21128.74 crore in 2010-11 to ₹83608.56 crore in 2022-23. The Own Tax Revenue collection therefore increased by about four times within the period 2010-11 through 2022-23. The Revised Estimates of State's own tax revenue collection for the year 2023-24 is ₹92742.17 crore and Budget Estimates for 2024-25 is ₹102348.92 crore.
  - b) Central tax devolution: Central devolution of tax was ₹15954.95 crore in 2010-11 and it increased to ₹71434.93 crore in 2022-23. The Revised Estimates for Central Tax Devolution for the year 2023-24 is ₹83192.87 crore and Budget Estimates for 2024-25 is ₹92900.29 crore (As per accepted recommendations of the Fifteenth Finance Commission, the State's share has been fixed at 41% of the net proceeds of the net shareable Central Taxes).
  - c) Non-tax revenue: Non-tax revenue is only State's own non-tax revenue. The State's own non-tax revenue for financial year 2010-11 was ₹2380.50 crore and was ₹2196.82 crore in 2022-23. The collection figure of non-tax revenue is ₹314.08 crore as per Revised Estimates of 2023-24 and ₹6317.47 crore as per Budget Estimates of 2024-25.
  - d) Others (Grants): Others (Grants) means the plan and non-plan grants received from the Government of India. The State Government received ₹7800.01 crore for financial year 2010-11 and it increased to ₹38303.86 crore in 2022-23. The Grants supposed to have been received by the State as per Revised Estimates of 2023-24 is ₹29575.97 crore and as per Budget Estimates for 2024-25, it is set at ₹34684.41 crore.
- (2) Capital Receipts and Expenditure: The Capital receipts for the financial year 2010-11 was ₹372.48 crore while the capital expenditure was ₹2633.48 crore for the same period. Actual figures for the financial year 2022-23 capital receipts and capital expenditure were ₹81.88 crore and ₹22753.27 crore respectively. For the year 2023-24, capital receipts and capital expenditure as per revised estimates are ₹486.30 crore and ₹31539.46 crore respectively. For 2024-25, budget estimates for capital receipts and capital expenditure are set at ₹187.36 crore and ₹36485.85 crore respectively.

- (3) **Total Expenditure:** The total expenditure is classified into Revenue, Capital, Loans and Advances.
  - **a) Revenue Account:** The Revenue Account mainly consists of Salaries, Pension, Interest payment and Subsidies.
  - i) Interest Payments Interest payment during the year 2022-23 was ₹40017.84 crore and Revised Estimate for 2023-24 is ₹42275.27 crore. Budget Estimate for 2024-25 is ₹45268.83 crore.
  - ii) Salaries The salary expenditure of the State Government, which includes both plan and non-plan salary, has increased to ₹60305.84 crore in the financial year 2022-23 as compared to ₹59378.80 crore in the financial year 2021-22. The annual growth to the salary expenditure comes to 1.54%. The Revised Estimates in Salary payments in the year 2023-24 is ₹65372.68 crore. Budget Estimates on the same head for 2024-25 is ₹66223.86 crore.
  - iii) Pension The Pension payments in the financial year 2021-22 was ₹26675.80 crore and such payments in the financial year 2022-23 was ₹24624.12 crore. Payments due to Pension will be ₹23698.19 crore as per Revised Estimates for the financial year 2023-24 and ₹24710.19 crore as per Budget Estimates for the financial year 2024-25.
  - **b)** Capital Account: The actual capital expenditure for the year 2010-11 was ₹2633.48 crore and for 2022-23, it was ₹22753.27 crore, therefore a raise of about seven times during the period. The revised estimate for the year 2023-24 is ₹31539.46 crore. The budget estimate for 2024-25 is ₹36485.85 crore.
  - i) Disbursement of Loans and advances The disbursement of Loans and Advances has decreased to ₹1002.55 crore in 2023-24(RE) and ₹1620.30 crore in 2024-25(BE) as compared to ₹564.49 crore AG actual of 2022-23. This expenditure comprises both plan & non-plan loans.
  - ii) Capital Outlay The Capital Outlay of the state went up from ₹2225.75 crore in 2010-11 to ₹22188.78 crore in 2022-23, thereby increasing by about ten times during the interim period. ₹30536.91 crore is expected as capital outlay for the financial year 2023-24 (RE) and ₹35865.55 crore for 2024-25 (BE).
- **(4) GSDP Growth:** GSDP of the state at current price grew from ₹460959 crore (2004-05 base year) in 2010-11 to ₹1700939 crore (2011-12 base year) in 2023-24(1st AE).
  - GSDP has increased by about four times over the thirteen year span.

#### **Fiscal Policy Strategy Statement**

#### A. OVERVIEW OF FISCAL POLICY & STATUS OF THE STATE

West Bengal Fiscal Responsibility and Budget Management (FRBM) Act, 2010 prescribes that the State government shall progressively reduce the debt stock, revenue deficit and fiscal deficit to specified targets.

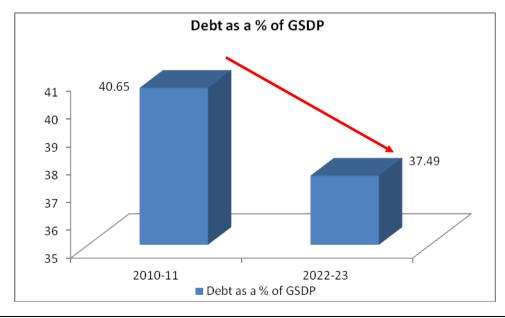

It however needs to be stressed in this case that despite an excessive financial burden on the State, the fiscal indicators have consistently moved towards the targets prescribed in the Act. The following tables will clarify the actual picture of the state in terms of fiscal indicators.

**The Debt to GSDP ratio** for the state was 40.65% in 2010-11 and it gradually decreased to 37.49% in 2022-23. The Debt to GSDP ratio is estimated at 37.08% as per 2023-24 (RE) and according to 2024-25 (BE), it is pegged at 36.88%.

Debt as a % of GSDP

Financial Year	Debt	GSDP	Debt as a % of

Capital Expenditure to Fiscal Deficit ratio for the State has been increasing steadily and consistently since the last few years. It increased consistently from 13.48% in 2010-11 to 45.54% in 2022-23, almost in quantum jumps in the last few years. It further leaped to 53.18% according to 2023-24 (RE), and went up to 53.46% in 2024-25 (BE). This reflects on the State's increased stress on Capital Expenditure while keeping Fiscal Deficit under control.

Capital Expenditure as a % of Fiscal Deficit

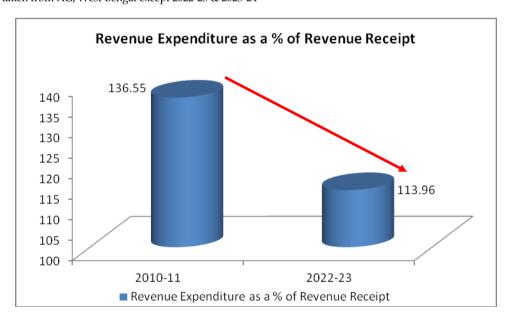

Financial Year	Capital Expenditure (₹ in Crore)	Fiscal Deficit (₹ in Crore)	Capital Expenditure as a % of Fiscal Deficit
2010-11	2633.48	19534.96	13.48

#### B. FISCAL POLICY FOR THE ENSUING YEAR

#### (1) Tax Policy

The Government has introduced far-reaching reforms in Tax policy and Tax Administration since the financial year 2011-12. Array of Government Process Re-engineering has been introduced in State Excise and Registration & Stamp Duty collection. Major digital initiatives have also been implemented in all areas of tax collection including e-registration, e-filing of returns and e-payment of taxes to simplify procedures and reduce compliance costs. Effective e-governance initiatives of the State Government in Tax Administration have deepened the structural changes in State tax collection in the last eight years thereby enhancing buoyancy.

Goods and Service Tax (GST) has been introduced in India w.e.f. 1.7.2017, subsuming some important Central and State level taxes, including the main source of State tax revenue, namely, the Value Added Tax (VAT). With the implementation of GST at the State level, the State Govt. has collaborated effectively in migrating from administration of VAT to GST. Due to the effective implementation of e-governance in VAT administration, its benefits have also been realized in implementation of GST. Due to this effort, the State has achieved the highest growth in number of new registrations under GST in the whole country.

Due to concerted and planned execution of various reform measures in State Taxes, Collection of State Tax Revenue has increased from ₹21128.74 crore in 2010-11 to ₹83608.56 crore in 2022-23. It has increased by about four times over the 13-year span.

#### (2) Expenditure Policy

The cornerstone of State's Expenditure Policy has consistently been greater emphasis on Social Service Sector Expenditure, Capital Expenditure and Development Expenditure than on Revenue Expenditure in view of its overall and long-term development imparts in the future. The thrust can be clearly observed in the regular increase of in Capital and Development Expenditure heads since 2011-12 over the years.

The Government has consistently laid emphasis on capital creation and other social welfare and development programmes. Efforts are being made to increase plan outlays for building infrastructure in the areas of road connectivity, power, drinking water, urban utilities, etc. and welfare programmes meant for the development of the backward classes, minorities, women, child, rural and urban population living below the poverty line.

#### (3) Borrowing and other liabilities, Lending and Investment

State Government's borrowing was for meeting the requirement for developmental expenditure of the State. State Government helps the Public Sector undertakings of the state by sanctioning loans, subsidy and grant for the smooth functioning of these organisations. Except this, investments to the share capital of the co-operative organisations of the state and various Public Sector undertakings may be done by the State Government by way of borrowing from different Central Financial Institutions.

#### (4) Consolidated Sinking Fund

The Consolidated Sinking Fund came into force from the financial year 1999-2000. This fund is to be utilised as an amortisation fund for redemption of the market loans of the State Government commencing from 2004-05. The outstanding balance of the extant Consolidated Sinking Fund Scheme as at end of March 2019 has transferred to the Fund. Total investment of the fund as on 01.04.2024 is ₹12339.04 crore.

#### (5) Contingent Liabilities

Government of West Bengal has enacted "the West Bengal Ceiling on Government Guarantees Act, 2001", in which it was fixed that the total outstanding Government Guarantees as on first day of April of any year shall not exceed 90% per month of the state Revenue Receipts of the second preceding year. The Government accord guarantee worth ₹7727.68 cr., ₹16884.63 cr., ₹13155.90 cr. and ₹12839.73 cr. in the past four years (2020-21 to 2023-24) which were within the ceiling.

Note: The reporting year refers to the second year preceding the year for which the annual financial statement and demands for grants are presented.

The data pertaining to VAT and CST as per table above is collected from the database on the basis of case numbers, where exact match was found from payment/SoD data. For payments/SoD where the case numbers are not mentioned, or wrongly mentioned, an exact match is not possible, and hence the demand is showing as unrealized, though the actual unrealized amount may be lesser.
